169	4600021	24-34-12
178	702388	37-15-25

## Master Lock Combination Instructions

1. Copy your desk number and lock combination to a secure location that you will have access to.
2. Turn the dial three times to the right, then stop when the first number lines up with the indicator.
3. Turn the dial to the left one full turn (the first number in the combination passes the arrow), continue turning until the second number in the combination is beneath the arrow.
4. Turn the dial to the right, stopping when the third number in the combination is beneath the arrow.
5. Pull the lock shackle to open.

- If the lock on your drawer does not have the correct ID or the lock is jammed/rusted shut or is missing, notify the stockroom personnel on duty in CNSB 122.
- If your draw is missing glassware, replacement parts/pieces can be found in CNSB 236 (the mass balance room). If you can not find a missing piece of equipment in CNSB 236 you must report to the stockroom, CNSB 122, to acquire the part.
- The stockroom is currently low on the following items, your instructor may have special instructions regarding other missing items.
  - 400 mL Griffin Beakers: Any Griffin Beaker larger than 400 mL can be substituted.
  - Flame loops: Extra flame loops will be provided on the day they are needed.
  - Red Rubber Dubbers: Not needed, do not worry about finding a replacement.
